

Decide Your Tomorrow

At Missoula College, many of our students have inspiring stories of overcoming challenges to attend college, and all of our students exhibit a passion and drive for their studies.

As of Fall 2016, Missoula College has 2,090 students enrolled.

Dual Enrollment

2016 was an outstanding year for Dual Enrollment at Missoula College. Approximately 580 students (28% increase) enrolled for fall semester in 25 classes from 10 different high schools.

Workforce & Apprenticeships

It's our role to fulfill workforce needs. Missoula College's apprenticeship program is thriving. By teaming up with local companies, we allow students to receive college credits, and paid on-the-job training with full benefits. **We have helped implement approximately 50 apprenticeships statewide.**

In partnership with the Department of Labor and Industry we now know specific occupations for our graduates to fulfill workforce needs in the healthcare, manufacturing, and tourism industries.

Our New Building

We are excited to welcome students into our new building on East Broadway in Fall 2017. The new facility will serve 2,600 students and will be home to state-of-the-art equipment and technology.

Highlighted Features:

- 3 Culinary Arts kitchens
- Study nooks equipped with USB ports
- Math learning center
- Implementation of the new stand-alone Associate of Science Nursing (ASN) program
- Cadaver lab with room for two cadavers
- Pharmacy Technology lab
- Expanded library with more resources

The vitality of Missoula College wouldn't be possible without the investment of Governor Steve Bullock and Montana state legislature, in addition to the generous support of our partners and private industries.
